Certificate of Origin and Compliance

This letter certifies the electrical steel conduit products labeled as Nucor Tubular Products, Republic Conduit Inc. are manufactured in the United States. The conduit products are formed from US melted; high percentage recycled, flat rolled steel produced in our own Nucor Steel mills located within the United States. Our Conduit products are either Hot Dip Galvanized or ElectroGalvanized per current UL6, UL1242 and UL 797 steel conduit requirements and receive a passivation coating after galvanizing to prevent white rust formation.

Nucor Tubular Products, Republic Conduit Inc. conduit products comply with the Buy America and Buy American Act requirements of 100% made from steel melted within the United States if requested at time of purchase and conforms to the following specifications:

Galvite® Electrical Rigid Metal Conduit-Steel (Galvite® ERMC-S)
